

## **Team Rules Policy**

- It is the policy of the GBRis teams to succeed only in compliance with the rules of the competition.
- Each and every member of the teams is responsible for their own compliance.
- The team management will ensure that all team members are aware of this policy and will take all reasonable steps to ensure that all team members are aware of all the rules applicable.
- This policy shall in no way limit the use of the rules to gain an advantage over other competitors as a recognised legitimate part of yacht racing.
- Non-compliance with the rules or this policy by any team member may result in action by the management team which may include exclusion of that member from the team. No such action will be taken without proper opportunity for explanation to be given by the team member. For this purpose non-compliance does not include infringements of the rules that occur solely as a result of poor judgement or errors, especially when requiring instant judgements while racing.
- Observed possible infringements by members of other teams shall be protested immediately if appropriate and reported to the team management who, together with the team member, shall decide the appropriate action.
- Any changes to this policy shall be authorised by the Team Manager and communicated to all team members.
