UPDATED CIRCUIT BRITISH CHAMPIONSHIP CALENDAR

Please be advised that following several club cancellations of Circuit British Championship Rounds, the PBRC have authorised the re-allocation of the event dates to ensure that competitors have plenty of opportunity to compete for their respective British National Championship titles as well as support other events such as Club Racing or testing.

This is an extremely unusual situation but following consultation with the valid – pre entered class competitors that pledged entry for the whole season, we are confident that the 2018 calendar now offers something for everyone.
