The venue

Entrance and registration location

You will see the conference entrance as you arrive through the main entrance to the school site. Access to the entrance is around the side of the school building on the pathway and up a gently sloping ramp. registration will take place in the Canteen area.

Networking space

The networking space mainly based in or near the canteen area. There is extensive seating available as well as space for wheelchair users to move freely. Some side rooms may also be available to use for networking and quieter conversations.

Main Plenary

The plenary sessions will take place in the main theatre. Access to the theatre is across the corridor from the canteen area and is level.

The theatre has tiered seating which will require most delegates to use the stairs to access. The first row of seating is on ground level and will be reserved for delegates who would prefer not to use the stairs or that use a wheelchair.
